Skills

- **Languages:** Java, C++, JavaScript
- **Frameworks:** ReactJS, Tailwind CSS, NodeJS, Express
- **Databases:** MySQL, MongoDB
- **Platforms:** Linux, Windows
- **Soft Skills:** Leadership, Writing, Public Speaking, Time Management

Projects

- **E-commerce platform :** It is a full-stack web application designed to simulate a real-world online shopping platform. It enables users to browse products, manage a shopping cart, place orders, and make secure payments. The platform also includes an admin panel that allows administrators to manage products, track orders, and handle user accounts. The project demonstrates hands-on experience in both frontend and backend development, database management, and integration of third-party services such as payment gateways and cloud storage. It focuses on building a responsive, user-friendly interface while maintaining secure and efficient backend operations.
- **Food-delievery application :** Developed a food delivery web application similar to Swiggy using React.js, where I implemented dynamic restaurant listing and menu pages with reusable components. The project involved working extensively with API data fetching to render real-time restaurant data, including names, ratings, and images, and to manage media efficiently, Cloudinary was used for image hosting. I also integrated features like search and filter functionality to enhance the user experience and designed a responsive user interface.
- **Weather Forecasting:** Developed a responsive weather forecasting web application using HTML, CSS, and JavaScript. Integrated the OpenWeatherMap API to fetch and display current weather data and 5-day forecasts for any city. Designed a clean, user-friendly interface with dynamic content updates based on user input.

Education

- **Global Institute of Technology** Jaipur, Rajasthan
Bachelor of Technology - Information Technology; CGPA: 8.2 2026
- **St. Param Dayal Sr. Sec. School** Firozabad, Uttar Pradesh
Senior secondary education; CGPA: 8.4 2022
- **St. Param Dayal Sr. Sec. School** Firozabad, Uttar Pradesh
Higher secondary education; CGPA: 7.8 2020

Certifications

- Core Java (Online) , Learn and Build , Jaipur - August ,2023
- Frontend Web Development with ReactJS , Learn and Build (Offline) , Jaipur - July ,2024

Achivements

- Secured 2nd position in the "Rise in Team" event at the Aptos Bootcamp.
